[TheUmbrellaArts.org/EarthDay](http://TheUmbrellaArts.org/EarthDay)

• Public Art Walk • Yard Art Projects • Windssock Workshop • Earth Float Workshop

# Earth Month 2021 Related Events

As we continue to reimagine our celebrations and traditions amidst the ongoing pandemic, for a second year **The Umbrella Arts & Environment** is embracing our most basic belief that being with Nature is healing and wholesome, and that a silver lining to this challenging period has been an opportunity to slow down, simplify, sharpen our senses, and find solace especially outdoors while reconnecting with nature. We're pleased to offer an extended season of new, asynchronous or socially distanced, community-engaging ways to safely celebrate and explore this year's theme of **AIR** at The Umbrella, online, and all around town!
