

# CALL FOR ARTISTS: The Umbrella Arts Center Spring Public Art 2021, Town of Concord, Massachusetts

*The spring public art walk is an outdoor art installation on conservation land surrounding Concord Center. The Umbrella works in collaboration with the Concord Natural Resources Division, Millbrook Tarry, and the Concord Land Conservation Trust.*

## **Change is in the Air: A Public Art Walk** **April 24 - May 31**

Air contains two things necessary to life: carbon dioxide and oxygen. In photosynthesis, green plants take carbon-dioxide and water and use the sun's energy to make sugar and release oxygen. In respiration, sugars and oxygen from the air turn to carbon dioxide, water, and energy. Without air, whether by drowning, respiratory failure, or persistent oppression, we cannot live. The freedom to breath unites us all, but who has that freedom?

As part of The Umbrella Arts & Environment's hybrid Earth Day Celebration, we are organizing a public art walk that replicates the traditional Musketawid Earth Day Parade's path through Concord Center and safely celebrates this year's Earth Day theme of Air. The art walk will exhibit outdoor, air-inspired artwork that engages the element of air, whether mobile, stabile, weathervane, banner, or flag. We encourage Black, Indigenous, and other artists with valuable and underrepresented perspectives to apply.
