MEET ELIZABETH WENTWORTH ROBERTS

HOW TO FOLD THIS PASSPORT

illustrations ©
2009, Su Mwamba
/ TangleCrafts

1. Fold paper into 8ths, then unfold.

2. Fold in half, then cut or tear along centre crease, so that there is a slit 2 pages wide in the middle of your unfolded page.

3. Unfold the page again, then re-fold lengthways.

4. Holding either end of the length ways crease, push inwards, so that the slit in the center opens up into a diamond shape.

5. Push inwards until your pages meet in the center.

6. Fold pages around so that these instructions are the back cover, and the passport cover is the front.
