- **C. Tombow MONO Zero Refillable Eraser** – A stiff small eraser that is excellent for erasing small details.

Or <https://www.michaels.com/product/staedtler-mars-plastic-eraser-10192256>

- **D. A blow bulb** to blow away eraser crumbs. *Suggested*
- **G. Kneaded eraser** – General’s Brand because

- **H. Kum Long Point Pencil Sharpener** – this is the best pencil sharpener I know of. One hole sharpens the wood, and the other sharpens the lead. It makes a very long sharp lead point.

9x12 pad of drawing paper -This inexpensive Canson paper has a good tooth for graphite and it holds up to erasing fairly well too.
